

PUBLIC INVOLVEMENT MEETING

60th Street Resurfacing Project
Town of Somerset
County I to terminus of 60th Street
St. Croix County
ID 8938-00-00/70

The Town of Somerset in conjunction with the Wisconsin Department of Transportation (WisDOT) is preparing plans and specifications for the 0.5-mile resurfacing of 60th Street from County I to the terminus of 60th Street under Project ID 8938-00-00/70.

The purpose of the project is to place an asphalt surface pavement to extend the service life of the roadway. The project includes placing 3-inches of new asphalt pavement and installing gravel shoulders. No changes to the number of lanes or existing roadway geometry are proposed, and no right of way acquisition is anticipated for this project.

60th Street will be open to local traffic only during construction; motorists can expect to encounter single lane closures with flagging operations. Design of the project is scheduled to be completed by August 2022. Construction is scheduled to start as early as spring/summer 2023.

If you have questions or concerns that may contribute to the development of this project, we encourage you to provide comments by June 17, 2022. We also encourage you to share this information with others who may be affected by this project.

Comments may be provided to Chuck Schwartz with MSA Professional Services, Inc. by phone: 651-272-0041 or email: cschwartz@msa-ps.com

Persons with a concern for or knowledge about historic buildings and structures and archaeological sites are encouraged to provide comments.
